The 10 Best American Small Batch Gins Aviation Gin

When one of your company's founders is a former bartender, it's a sure bet that your product will be great for an entire range of cocktails. Consider [Aviation Gin](#) as evidence. Its subtle, clean finish and nose are perfectly suited for all manners of Rickeys, Tom Collins, and French 75s—and perhaps that's why the Aviation website hosts such an extensive [list of recipes](#). But make no mistake. On its own, Aviation Gin's delicious, multidimensional botanicals make each sip a delight: lavender blending into herbal notes, and ultimately drawing back to reveal its smooth, smooth juniper base.
