

Drink Me: A Mustache-Loving Movember Cocktail

Clean-shaven faces are few and far between this month! November is the one month a year where guys generally say sayonara to shaving off their stubble and rock mustaches, full-grown beards, and all that facial hair they usually ditch within a week or two.

Because it's a month-long event dedicated to men's grooming habits, it deserves a cheers, does it not? Put together a spread of masculine snacks for your beau, lecture him on the importance of **David Beckham's** facial hair decisions in comparison to **Brad Pitt's**, and serve up a few of these drinks that were created in honor of the month itself.
